In past years, the maintenance and custodial functions for the Town Hall have been the responsibility of the Parks and Recreation Dept - Buildings & Grounds Division, and the Custodial Services budget line reflected the amount credited to that Division for the services provided. Since 2022-23, due to staffing shortages, the Town has contracted for custodial services.

Employee benefits are distributed to the various departments where the salaries and wages are budgeted. The total amount distributed is indicated above. See the department budgets for distribution detail. A description of the benefits follows.

Social Security and Medicare: Brunswick extended Social Security benefits to eligible municipal employees, not including police and firefighters, in 1959. In 1963 the Town extended coverage to police officers; full-time firefighters are still not covered. This appropriation funds the employer contribution of 6.2% to Social Security and 1.45% to Medicare. Full-time firefighters have Medicare coverage only.

Maine Paid Family Medical Leave (PFML): The 2024/2025 State biennial budget included the creation of the Paid Family and Medical Leave program. Beginning in 2026, eligible workers in the private and public sector will have up to 12 weeks of paid time off available to care for a family member with a serious health condition, to bond with a child after birth, fostering or adoption, to care for their own medical needs, to deal with the transition of a family member's impending military deployment or to stay safe after abuse or violence. Starting January 1st, 2025, any employer with at least one Maine-based employee must begin payroll withholdings for their employees. Employers with 15 or more employees will contribute 1% of wages and may deduct up to half of the contribution from the employees' wages.

Maine Public Employees Retirement System: Brunswick joined the Maine Public Employees Retirement System (MainePERS) as a participating district on July 1, 1950. Firefighters and Police have special plan provisions that allow them to retire after 20 or 25 years of service, regardless of age. The Town's contribution rates to MainePERS are established annually by an actuarial analysis. In 2025-26, the employer contribution rate for firefighters is 13.2% and 14.1% for police officers. For all other employees the rate is 10.2%.

Health Benefit: Includes funding for both health insurance and health insurance buy-back. Health insurance is provided through the Maine Municipal Employees Health Trust (MMEHT), and the Town pays 80% of the premium while employees pay 20%. The budget reflects an estimated rate increase of 10% for January 1, 2026. Buy-back is a cash payment for those who elect not to take health insurance. The rate per eligible employee for 2025-26 is \$19,500, which represents a blended rate of all coverage options.

Life Insurance: Brunswick adopted the MainePERS Life Insurance Program in 1956 for the benefit of employees wishing to participate. At present, the Town pays only the cost of insurance for certain retired municipal and school employees. The contribution rate is determined annually on an actuarial basis.

Medical/Dependent Care: The Town offers employees the opportunity to participate in medical reimbursement and dependent care reimbursement programs. This represents administrative and other Town costs associated with these programs.

Deferred Compensation: The Town matches up to 6% for employees who contribute to the 457 Deferred Compensation Plan and who are not enrolled in the Maine Public Employees Retirement System (MainePERS).

<p>This appropriation covers aid to persons in Brunswick who are in need of financial relief, and the administrative expenses of the Town related to welfare, general assistance and human services. Brunswick handles each case with an active referral system and a workfare program, the combination of which results in significantly lower costs for the municipality and higher levels of assistance for the clients.</p> <p>This budget also includes the appropriation for the Social Services Funding Program. Administered by the Council-appointed Social Services Committee through a grant application process, this funding provides grants to non-profit agencies providing food, clothing, shelter, medical or transportation services.</p>

The Capital Budget is developed through the Capital Improvement Program ("CIP").

Article VI, Section 601 of the Town's Charter requires that the Town Manager prepare and submit a five-year CIP at the same time as the annual budget is submitted. The Town's current CIP policy, procedures and format were adopted by the Council in February 2013, and updated in December 2018. The annual CIP is now developed in the fall each year, and finalized in early spring for submittal to the Council. The policy establishes the content and format of the Town's capital improvement planning and provides guidelines for funding methods. The CIP includes a list of all capital improvements proposed over the next five fiscal years, methods of financing, time schedules and annual cost to support the proposed program. The CIP is a plan; it does not fund any projects. Project funding can be authorized in a variety of formats, all of which involve a separate action by the Town Council.

The Capital Budget is included within the annual General Fund Budget, and lists the items in the first year of the CIP which are proposed to be funded through Unassigned General Fund Balance, Reserves and Other Sources, and from Municipal Revenues, or property taxes. Approval of Capital Budget items occurs with separate funding resolutions concurrent with the adoption of the Town's General Fund Budget.

State Aid to Education	1,504,679				1,705,276		2,114,141	2,114,141
Revenue Sharing	668,907				1,216,009		1,154,895	1,154,895
County Tax	2,314,725				170,479		164,153	164,153
	4,488,311				3,091,764		3,433,189	3,433,189

Estimated Annual Tax Shift Benefit represents the increase in State subsidy amounts received and the reduction in County tax resulting from 'sheltering' the TIF districts' increased valuation from the state valuation and the calculations of the aid formulas. If the incremental values were included in the Town's state valuation, the Town would experience a reduction in State subsidies and an increase in the County tax.

Notes: This statement is produced using generally accepted accounting principals (GAAP Basis). To reconcile the GAAP basis to the basis used for budget purposes (Budget Basis), it is necessary to subtract from the GAAP basis the amount the State of Maine contributes to the Maine Public Employees Retirement System (MEPERS) for employees enrolled in the MEPERS Teacher Retirement Plan. The amounts to be subtracted from both GAAP revenues and GAAP expenditures for the fiscal years ended June 30, 2024, 2023, 2022, 2021, and 2020 are \$4,270,187, \$4,027,350, \$3,677,010, \$3,687,452, and \$3,592,142, respectively.

Prior to FY2010, the policy targeted the unassigned General Fund balance at 9.5% of revenues. Beginning in FY2010, the policy targeted the unassigned General Fund balance at 16.67% of revenues. Beginning in FY2024, the policy established a target range for the unassigned General Fund balance of 16.67% to 25% of revenues. In accordance with the fund balance policy, when the balance falls below the target range, the Town will develop a plan,
